

SCREEN WASH concentrate

Date issued: Jan 15

Concentrated windscreen wash bottle additive

- **Anti smear dries crystal clear**
- **Helps remove traffic film and insect smears**
- **1 litre makes up to 20 litre ready to use**
- **Effective down to -15°C**
- **Will de-frost screen when used at lower dilutions**

Description:

LANGLOW Screen Wash concentrate wash bottle additive is a rich blend of highly active detergents and fast drying alcohol based solvents effective under the extremes of winter and summer conditions. When diluted with water and added to the wash bottle water reservoir it cuts through grime and insect smears whilst also reducing the likelihood of screen freezing at low temperatures.

Application Method:

In winter weather this product should be added to the wash bottle as a 1 to 5 parts water diluted solution, however it's all year round cleaning activity make it suitable for dilution as one volume with up to 20 volumes of added water under more temperate summer conditions.

Coverage:

One single 1 litre bottle of concentrate when diluted is usually sufficient to fill the average car wash bottle to capacity. The duration the filled wash-bottle will last depends on the time of year it is used and frequency of application when driving.

Technical Advisory Service:

Should further more specific technical information be required, contact the Palace Technical helpline on 0151 486 6101.

Storage & Packaging:

CONCENTRATED SCREENWASH is supplied in 1 litre bottles packed 6 per case and when stored in sealed ambient conditions and has a shelf life of not less than 12 months.

Health & Safety:

Consult the CONCENTRATED SCREENWASH material safety data sheet for advice on handling and safety procedures.

The information provided by this Technical data sheet is given in good faith and is to the best of our current knowledge true and accurate. However it is given without guarantee, as conditions of use and workmanship involved are both beyond our control. All information supplied is subject to the company's terms and conditions of sale, copies of which are available on request.
