Issue 1 – PW/SSW 1 / 0715

**CONVENIENT GRIME BUSTING  
HARD SURFACE CLEANING AIDS**

**MULTI-USE WIPES WITH INSTANT  
OIL & GREASE REMOVAL**

**LIFTS GREASE, SMOKE, NICOTINE  
AND HAND PRINTS OFF PAINT-WORK**

- The Convenient way to prepare painted surfaces
- Tough durable fabric helps remove ingrained dirt
- Re-sealable pack to keep wipes moist & ready for use
- Ideal preparation aid for the conscientious decorator
- Ensures existing painted surfaces are ready to re-coat
- Will remove accumulated oil, grease & nicotine stains.
- Equally effective as a general purpose hard surface cleaner
- An essential aid in any painting & decorating project

## DESCRIPTION:

Palace SUGAR SOAP wipes are supplied in a convenient re-sealable tube containing 80 individual wipes and provide the conscientious painter & decorator with a multi-purpose one-stop cleaning tool, which is as highly effective on hands, work-tools, UPVC, upholstery, & carpets as it is on old painted surfaces which need cleaning prior to re-coating.

## PERFORMANCE:

SUGAR SOAP wipes are impregnated with highly effective soaps, surface active agents & sequestering aids, which remain within the absorbent fabric until they are applied onto any surface, part or component which may be coated with some of the most stubborn grime, grease or oil. SUGAR SOAP wipes have been developed to replicate the established & effective properties of SUGAR SOAP cleaning solution, which normally requires dilution on site, however with this wipe they are ready to use as soon as they are drawn out of the tube.

## CAPACITY:

Each pack contains 80 individual impregnated wipes and should be more than enough to cope with the cleaning needs encountered by a busy team of tradesmen during the course of their working week especially when in environments when access to clean water is restricted

## PROPERTIES:

SUGAR SOAP wipes will not roughen or dry out skin and are safe to use even without after rinsing. They are equally effective either as a personal skin cleaning aid or as a hard surface preparatory tool providing the decorator with the ideal solution where access to water, soap, towels, or a wash-basin is limited. The portable dispensing-tubs when sealed will retain the wipes' ready to use moist properties for up to 12 months, providing they are stored away from sources of heat.
