DESCRIPTION:

Palace Heavy Duty cleaning wipes are supplied in a convenient re-sealable tube containing 80 individual wipes and offer the busy tradesman a convenient, water-free, one-step cleaning tool, which is highly effective on hands, work-tools, hard surfaces, upholstery, carpets, UPVC, ceramic & stone surfaces.

PERFORMANCE:

HEAVY-DUTY impregnated wipes are mildly abrasive but non-scratch, lint-free, highly absorbent and contains a powerful grime lifting detergents. **HEAVY DUTY** wipes can be used more than once even when it appears part soiled. **HEAVY-DUTY** wipes will continue to absorb grease, oils, tar, adhesives, wax and sealants without leaching them back out on to the hands. Anything absorbed by the wipe stays in the wipe.

CAPACITY:

Each pack contains 80 individual impregnated wipes and should be more than enough to cope with the cleaning needs encountered by a busy team of tradesmen during the course of their working week especially when in environments when access to clean water is restricted

PROPERTIES:

HEAVY-DUTY wipes are impregnated with mild soap detergent additives, which will not dry out skin but can help retain the moisture within your hands after cleaning them. The conditioning action of its gentle emollients makes sore, dry & cracked skin a thing of the past. **HEAVY DUTY WIPES** are the ideal solution where access to water, soap, towels, or a wash-basin is limited. The portable dispensing-tubs when sealed will retain the wipes' ready to use moist properties for up to 12 months, providing they are stored away from sources of heat.
