- Ideal companion for the busy tradesman
- Ensures no job is left stained and dirty at the day end
- Will clean oil, grease, cement stains & wet paint.
- Equally effective on hands and soiled hard surfaces
- Reinforced fabric for multi-task application

## DESCRIPTION:

Palace TRADE wipes are supplied in a convenient re-sealable tube containing 80 individual wipes and provide a rigorous & durable, water-free, one-stop cleaning tool, which is highly effective on hands, work-tools, painted surfaces, upholstery, carpets, clothing, UPVC, ceramic & stone surfaces.

## PERFORMANCE:

TRADE wipes are based on toughened impregnated non-scratch, lint-free, highly absorbent fabric which imparts powerful grime lifting properties to remove some of the most challenging types of stain. TRADE wipes are toughened so they can be used with a rigorous abrasive action and will continue to absorb grease, oils, tar, adhesives, wax and sealants without leaching them back out on to the hands. All stains absorbed by the wipe stays in the wipe.

## CAPACITY:

Each pack contains 80 individual impregnated wipes and should be more than enough to cope with the cleaning needs encountered by a busy team of tradesmen during the course of their working week especially when in environments when access to clean water is restricted

## PROPERTIES:

Even though TRADE wipes are based on tough, tear resistant impregnated fabric, the mild soap & detergent additives within it will not roughen or dry out skin and are safe to use even without after rinsing. TRADE WIPES are the ideal solution where access to water, soap, towels, or a wash-basin is limited. The portable dispensing-tubs when sealed will retain the wipes' ready to use moist properties for up to 12 months, providing they are stored away from sources of heat.
