# ALL PURPOSE TILE CLEANER

IDEAL FOR DAILY MAINTENANCE ON CERAMIC,  
STONE & PORCELAIN TILES

- Acid free surface compatible formula
- Lifts most types of stains
- Removes scum & limescale build up
- Provides a bright & clean finish

### DESCRIPTION

**PALACE ALL PURPOSE TILE CLEANER** is suitable for use on all types of tiled surfaces including marble and calcareous natural stone, which may be sensitive to more aggressive cleaners. Its PH neutral, acid-free formula is effective in removing fine cement film, lime scale and soap scum from tiled surfaces, leaving a bright, clean finish, which resists the further build-up of water-borne stains with regular use.

### APPLICATION

Pre-wet the surface to be cleaned and dilute **PALACE ALL PURPOSE TILE CLEANER** at about 100ml per 1 litre of lukewarm water. Then mop or wipe evenly and regularly across the tiled surface using a cloth or abrasive pad depending on the degree of soiling. Allow the treatment to penetrate for about 5 minutes before rinsing the surface thoroughly with plenty of warm water. Dry off to give a bright, shiny finish.

### COVERAGE

On heavily soiled floors, this product will be sufficient for up to 60 sq. metres when diluted 1:10 parts with water. On regularly maintained floors when diluted at about 1 to 100 with warm water, coverage will be 250 to 300 sq. metres per litre of concentrated product.

### TECHNICAL DATA

UNIT SIZE	1L
CONSISTENCY	Liquid
COLOUR	Transparent
DENSITY	1.00g/cm <sup>3</sup>
PH	8
APPLICATION TEMPERATURES	0 - 40°C
WAIT TIME BEFORE RINSING	5 Minutes

## TECHNICAL DATA SHEET

DEC 2025 Ver 01 - PALAPTC 01.12.25

### STORAGE

Store in cool, dry, well-ventilated conditions, away from sources of heat, direct sunlight or exposure to frost. Always completely reseal the container after partial use. Keep away from Children.

### PROPERTIES

**PALACE ALL PURPOSE TILE CLEANER** is designed for use on any type of tiled surface and is particularly useful on tiles which are sensitive to more aggressive products such as **PALACE GROUT FILM REMOVER**. This product is a carefully selected blend of non-ionic surfactants and sequestering agents designed to lift dirt from the surface and leave a protective finish which inhibits the subsequent build up of soap scum and lime-scale.

### HEALTH & SAFETY

Keep out of reach of children. May produce an allergic reaction. Contains: 1,2-benzisothiazol-3(2H)-one, 2-methylisothiazol-3(2H)-one, Reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1). Avoid contact with skin & eyes. In case of contact with eyes rinse immediately with water and seek medical attention.

### QUALITY & ENVIRONMENT

All Palace Chemicals products are manufactured under a BSI accredited ISO 9001:2015 Quality Management System, along with an ISO 14001 Environmental Management system continually working to reduce our carbon footprint.

### TECHNICAL ADVICE

Should further technical information be required, call the Palace Chemicals Technical Helpline on 0151 336 9104.

### DISCLAIMER

The information provided by this Technical data sheet is given in good faith and is to the best of our current knowledge true and accurate. Our products are guaranteed against defective materials and manufacture and will be replaced or money refunded if the goods do not comply with our promotional literature. We cannot however accept responsibility arising from the application or use of our products because we have no direct or control over where and how our products are stored and used. All products are sold and guaranteed subject to our terms and conditions of sale, copies of which may be obtained on request.

## EXTENSIVE PRODUCT RANGE

We offer the most extensive range of Tiling & Flooring products in the UK.

## EXPERTLY MANUFACTURED

The quality of the Palace product range is ensured by state-of-the-art manufacturing systems, which offer the required high-volume capacity to deliver Quality products every time.
