SURFACE SANITISER

FAST ACTING PROTECTION AGAINST VIRAL & BACTERIAL CONTAMINATION

- PROTECTIVE AGAINST HARMFUL VIRUSES AND BACTERIA
- SPRAY APPLIED ALCOHOL BASED SURFACE BIOCIDE
- KILLS 99.9% OF GERMS AND SKIN CONTAMINANTS
- DE-ACTIVATES VIRAL & BACTERIAL SURFACE RESIDUES
- EFFECTIVE ON ALL HARD SURFACES, INCLUDING RAILS & WORKTOPS

PALACE SURFACE SANITISER SPRAY

An easy to apply alcohol based sanitising treatment, capable of eliminating 99.9% of viruses & bacteria on immediate contact.

KILLS 99.9% OF GERMS

SURFACE SANITISER SPRAY

Fast Acting Protective Agent

DESCRIPTION

PALACE SURFACE SANITISING SPRAY is an easy to apply alcohol based sanitising treatment, based on 70% ethanol and is an effective means of eliminating 99.9% of Viruses & Bacteria from most hard surfaces.

PALACE SURFACE SANITISING SPRAY is an ethanol-based composition based on world health organisation guidelines designed to be effective against harmful microbial contaminants and a wide range of viral and bacterial infections. The spray application allows for an even and wide area coverage with each application and coats hard surfaces with a high concentration of alcohol, sufficient to kill & de-activate viral & bacterial contaminants.

PALACE SURFACE SANITISING SPRAY acts as a secondary disinfectant agent for extra protection while eliminating the need of using wipes or towels to dry up hands after washing with water.

TO CLEAN & SANITISE FREQUENTLY USED HARD DOMESTIC SURFACES

Spray liberally an even coating of **PALACE SURFACE SANITISING SPRAY** across all hard surfaces where frequent hand contact is likely to have occurred and leave for 2 to 3 minutes before wiping away with a cloth lightly dampened with **PALACE SURFACE SANITISING SPRAY** which will dry and leave a contaminant free surface finish.

TECHNICAL ADVISORY SERVICE

Should more specific technical information be required, contact the Palace Technical helpline on: **0151 486 6101.** For a Technical Specification and quantity requirements, visit our 'TilingSpecifier' on the Palace website at:
